Volume 5 No. 1

B. R. Foorman, L. Jenkins and D. J. Francis / Links among segmenting, spelling, and reading words in first and second Grades	1
F. Cueto / Writing processes in a shallow orthography	17
S. Ramaa, T. R. Miles and M. S. Lalithamma / Dyslexia: Symbol processing difficulty in the Kannada language	29
N. Hildebrandt and S. M. Sokol / Implicit sublexical phonological processing in an acquired dyslexic patient	43
P. G. Bowers and M. Wolf / Theoretical links among naming speed, precise timing mechanisms and orthographic skill in dyslexia	69
N. A. Badian / Phonemic awareness, naming, visual symbol processing, and reading	87
Announcements	101

Volume 5 No. 2

Theme: The role of decoding in reading research and instruction

Guest Editor: Dr Marcia K. Henry

M. K. Henry / Introduction: The role of decoding in reading research and instruction	105
M. J. Adams and M. Bruck / Word recognition: The interface of educational policies and scientific research	113
E. W. Ball / Phonological awareness: What's important and to whom?	141
W. E. Tunmer and W. A. Hoover / Phonological recoding skill and beginning reading	161
Ph. B. Gough / The beginning of decoding	181
A. E. Cunningham and K. E. Stanovich / Children's literacy environments and early word recognition subskills	193

C. Moran and R. Calfee / Comprehending orthography: Social construction of letter-sound systems in monolingual and bilingual programs	205
M. K. Henry / Morphological structure: Latin and Greek roots and affixes as upper grade code strategies	227

Volume 5 No. 3

V. H. P. van Daal and P. Reitsma / The use of speech feedback by normal and disabled readers in computer-based reading practice	243
R. Yap and A. van der Leij / Word processing in dyslexics: An automatic decoding deficit?	261
R. R. A. van Doorn and P. J. G. Keuss / Spatial invariance of handwriting: A matter of definition	281
M. Daneman and M. Stainton / The generation effect in reading and proofreading: Is it easier or harder to detect errors in one's own writing?	297
B. Byrne and R. Fielding-Barnsley / Recognition of phoneme invariance by beginning readers: Confounding effects of global similarity	315
C. F. Hu and H. W. Catts / Phonological recoding as a universal process?: Evidence from beginning readers of Chinese	325

Volume 5 No. 4

J. F. Carlisle / The influence of study of a second language on improvement in spelling: A longitudinal study	339
R. Azzam / The nature of Arabic reading and spelling errors of young children: A descriptive study	355
R. Rich and M. J. Shepherd / Teaching text comprehension strategies to adult poor readers	387
Subject index - Key words Volumes 1-5 (1989-1993)	403
Acknowledgements for refereeing	408
